Subject: flagging change

hey guys,

can we remove the flagging link for "copyrighted" today? we are starting to see some complains for this and basically if we don't remove them we could be held liable for being served a notice. it's actually better if we don't have the link there at all because then the copyright holder is responsible for serving us notice of the material and not the users.

anyways, it would be good if we could remove this asap.

thanks, chad
